

ENVIRONMENTAL FRIENDLY SOAP OIL JV-706

I. MAIN COMPONENTS

Nonionic surfactant complexes

II. TECHNICAL INDICATORS

Project	Indicators	Project	Project
Ionizing	Non-ionic	PH value	4.0-6.0
°C of turbidity points	60-63°C	Solidification point	-10°C
Appearance (25°C)	Suitable turbid liquid	HLB	12.5-13.0
Smell	Mild polyether odor	Active content	100%
Solubility: Rapidly soluble in cold water in the form of blue light, neutralized with a trace of alkali, then clear and transparent			
Open viscosity :1 open 5 medium and viscosity about 2000 mPas,1 open 10 medium and 200 mPas Contrast: NP-8.6 open thin 1 open 5 viscosity 260 mPas,1 open 10 viscosity 60 mPas			

Remarks

This product contains the weak acid end group of natural plants. When the pH value is 7 after neutralization with trace alkali, the cloud point is higher than 100 °C. The neutralization effect is good Play the best.

II. PRODUCT CHARACTERISTICS

1. Environmental friendly Jian oil jv-706 is a new type of high performance and biodegradable surfactant, which has obvious odor of natural mixed alcohol ethoxyl compounds and does not contain APEO. It meets the international environmental protection requirements. It has excellent cleaning ability, emulsifying and dispersing ability, anti staining ability and good wetting power;
2. It is easy to dissolve cold water. It can be washed with direct and acid dyes, dyed silk, mulberry cotton interwoven, synthetic fiber, polyester cotton bright spinning, matte spinning and Fuchun spinning. It can protect the white ground, bright color, save water and energy, and improve efficiency. It is suitable for rope machine washing. It can be mixed with fixing agent y and enzyme.
3. Compared with np-8.6, np-8.6 has obvious advantages in terms of dye proofing, degreasing and washing power, and has obvious advantages compared with np-8.6;

III. SCOPE OF APPLICATION

1. It is suitable for denim washing, sweater washing, dyeing and printing. It has the properties of decontamination, clean washing and anti staining.
2. It can be used for oil and wax removal refining agent, chemical fiber degreasing agent, high-efficiency oil removal emulsifier and leather degreasing agent
3. Industrial dewaxing water, metal degreasing agent, are widely used in industrial cleaning agent, surface treatment, lubricating oil industry; at the same time, it is suitable for household cleaning agent, kitchen cleaning agent and other daily chemical cleaning fields.

V. PACKAGING STORAGE

200kg / plastic barrel, sealed at room temperature, shelf life of 6 months.
